

## NSRA Inc Meeting

held at 16 Rosamond St Maryland

on 28<sup>th</sup> May 2018

Meeting opened 6:32 pm

**Attendees:** Mel Francis, Sal Moody, Paul Faulkner & Trish Medioli

**Apologies:** Todd Noon, Jeremy Ryan & Tanya Bailey

### Men's Pennants Report:

Business as usual. We got lots of responses from the email regarding refereeing. Lots of people talking about the issues and a number of good suggestions to explore. Squash Victoria have a good way of highlighting individual rules regularly. We will look into implementing something similar. Had a look at the squash Australia refereeing online course. Doesn't seem like it will do what we need it to. We have been given the same contact as last time for a refereeing course run here. Maybe players need a refereeing booklet to refer to or our own quick online referee test as a refresher for players. This might deal with the problem of people who believe they know how to ref and so do not attend courses.

Points would be given to players/teams who complete the course.

### Treasurer's Report:

Without registrar we have money in the bank. The financials are back from the auditor.

### Juniors:

Feedback has been received on the coaching course. It was pitched a little too high. Phil is now running the Junior Pennants Competition. There are 3 girls involved. Squash Matrix looks like it is definitely being would up – still no official confirmation for Newcastle Squash.

### Presidents Report:

Preparations for the AGM are underway. We might need to further refine the player registration process for next season. A lot of leeway was given because it was a new process.

We need an official form outlining the procedure for complaints.

### Other Business:

Paul raised what happens if a team made finals with an unregistered player (no form filled in) This was discussed at length and decided they would not need to forfeit the rubber but like the rest of the season they will gain no new points. This was passed by the council.

Meeting closed 8:12pm
